## Description

Texas-based songwriter **Israel Nash** brings his wide-screen Americana to LantarenVenster in Rotterdam, pairing narrative songwriting with dreamy, sometimes psychedelic guitar rock. Often praised for his richly layered sound, Nash's music drifts between folk-rock warmth and expansive sonic textures that can echo Neil Young as well as Pink Floyd, with pedal steel adding a slow-burning glow to the edges.

After years of steadily building an international following, Nash reached a new peak with *Ozarker*, a personal record shaped by his Midwestern roots. Earlier releases such as *Topaz* show the same strengths: lush arrangements, soulful vocals and the distinctive pedal steel work of Eric Swanson. With newer projects and his *The Israel Nash Transmission* podcast and TV series widening the frame, this Rotterdam date promises a deep dive into an artist who treats sound and story as equal partners.
