When	Mon, 7. September 2026, 20:15 h
Category	Live Music in Rotterdam

Description

Following the success of extended 50th-anniversary celebrations, this concert returns with a new European tour. Arranged and directed by Mike Oldfield's longtime collaborator **Robin A. Smith**, it presents Tubular Bells I in full and highlights from Tubular Bells II and III. The large ensemble also plays the hit "Moonlight Shadow." From the haunting opening motif famously used in The Exorcist to the electronic textures later echoed in Ibiza and the London Olympics, the show charts nearly three decades of Oldfield's innovation. Tubular Bells remains the best-selling instrumental album of all time, fusing classical, jazz, folk, progressive rock and electronica. Experience these groundbreaking works live in De Doelen's **Grote Zaal**.
