Event - Scott Kinsey Group plays Weather Report

When	Tue, 3. November 2026, 20:30 h
Category	Live Music in Rotterdam

Description

Fusion at full voltage comes to Rotterdam when the **Scott Kinsey Group** brings an electric, improvisation-led set to **LantarenVenster**, built around new music as well as a tribute to **Weather Report**, the groundbreaking jazz-rock band founded in 1970 and closely associated with **Joe Zawinul**. The programme also includes material from Kinsey's new album **Thought Distortions**, alongside original compositions that keep the sound modern, bright, and rhythmically sharp.

Kinsey, a keyboardist, composer and producer, is framed here as one of the key voices in contemporary electric jazz. Known from **Tribal Tech** and collaborations with **Joe Zawinul** and **John McLaughlin**, he has also worked with players such as **Kurt Rosenwinkel** and **Michael Landau**, and contributed to projects including Ocean's 11. With **The Zawinul Legacy Band 2.0**, he's been keeping Zawinul's spirit alive, and this Rotterdam show follows that thread in a way that feels less like a museum tribute and more like a living, breathing continuation.

On stage, Kinsey is joined by a crackling line-up: guitarist **Nir Felder**, bassist **Frederico Heliodoro**, drummer **Gergo Borlai**, and vocalist **Mer Sal**. Expect dense electric textures, layered rhythms, and plenty of room for improvisation, connecting classic fusion tradition to a current-day sound.
