

Death Sells

Event - Death Sells

When	Fri, 8. May 2026, 20:30 h
Category	Live Music in Rotterdam

Description

Eindhoven band **Death Sells** brings its debut album release show to **Roodkapje** in Rotterdam, with support from **Fellatio** and **Eyesores**. The sound sits in that satisfyingly grimy corner where grunge, noise rock and punk all start elbowing each other for space, with the listing pointing to **Flipper**, **Hole** and **L7** as the right reference points.

This is clearly not a subtle evening. Death Sells is pitched as the main event, but the supports make it feel like a proper full bill rather than a quick add-on. **Fellatio** is described as bringing a Suicide-meets-The Fall kind of discopunk energy, while **Eyesores** adds garage-punk tracks with plenty of bite. Altogether, it reads like one of those nights where your ears may complain later, but your heart will be just fine.

There is also a nice little detail behind the band name. **Death Sells** apparently comes from a joke in the cult film This Is Spinal Tap (1984), where a character explains a completely black album sleeve with the deadpan line: “Death sells!”
