

Iskander Moon

Event - Iskander Moon 🌙

When	Tue, 19. January 2027, 20:30 h
Category	Live Music in Rotterdam

Description

Iskander Moon brings his rich, soulful indie pop to Kantine Walhalla for a seated performance. His music blends folk, classical influences and alternative pop, moving between intimacy and a quietly grand sense of scale.

After two well-received EPs, the artist released his long-awaited debut album *Salt Moon City* earlier this year. With influences including Bon Iver, Sufjan Stevens and Paolo Nutini, Iskander Moon builds songs around warmth, detail and emotional lift. His tenor voice gives the music a gentle glow, while the arrangements leave room for both tenderness and drama.

Fans of **Chris Martin, Paolo Nutini and Tom Odell** should find plenty to enjoy here. The concert is organised by Rotown and Kantine Walhalla, with unreserved seating only.
