Event - Rijck

When	Thu, 26. November 2026, 20:30 h
Category	Live Music in Rotterdam

Description

Rijck brings the ZO DAN TOUR to BIRD with a show built around sharp bars, flashy energy and a sound that blends raw hip-hop with uptempo production and catchy pop influences. Moving from Charlois to the Zuidas, he plays with contrasts as if they were always meant to sit side by side.

His music thrives on tension: street and luxury, chaos and control, smooth one moment and ruthless the next. That friction gives Rijck his own lane, placing him among a new wave of artists who refuse to stay inside one neat box.

At BIRD, the Rotterdam artist presents new music from his album ZO DAN. Expect a high-energy night with razor-sharp lyrics, strong hooks and a live show packed with contrasts that somehow make perfect sense.
