Pink Floyd Project presents: Pink Floyd’s The Wall, The Final Cut!

Event - Pink Floyd Project presents: Pink Floyd’s The Wall, The Final Cut! ↻

When	Fri, 25. September 2026, 20:00 h
Category	Live Music in Rotterdam

Description

Pink Floyd Project brings its largest The Wall production yet to RTM Stage at Rotterdam Ahoy. The renewed show builds on the internationally successful The Wall 45 Years, now returning under the title The Wall, The Final Cut! with an expanded production created especially for Rotterdam.

The performance combines Pink Floyd’s music with themes that remain painfully current, including power, war, post-traumatic stress and social isolation. At its heart is a message about breaking down walls, seeking connection and meeting one another with respect during polarised times.

The Wall 45 Years became Pink Floyd Project’s most successful production, drawing thousands of visitors and receiving several five-star reviews. The show also travelled internationally, including sold-out performances at the State Opera in the Czech Republic. With this next version, the tribute band raises the scale once again for what is billed as Europe’s largest The Wall concert by a Pink Floyd tribute act.
