## Description

Papa Roach bring the Rise of the Roach tour to RTM Stage at Rotterdam Ahoy, with LANDMVRKS and Sleep Theory joining as support acts. The tour follows a run of major European festival shows and promises a new production from one of alternative rock's most enduring live bands.

The American band has built a career on explosive shows, heavy hooks and songs that connect with generations of rock fans. From the Infest era to newer material, Papa Roach continue to move between alternative rock, nu metal and hard rock with the kind of direct energy that still fills large rooms.

The tour announcement follows one of the band's most talked-about recent festival moments, when Papa Roach arrived at Rock am Ring by helicopter before playing to a crowd of 90,000 visitors. Their current set also includes newer material such as See U In Hell, alongside the crowd favourites that made them a mainstay of modern rock.

French metalcore band LANDMVRKS and rising American act Sleep Theory complete the line-up, giving the evening a strong mix of heavy riffs, melody and high-impact live energy.
